

Convenience Cleaning™ by VACUFLO®

Redefining  
Central Vacuums

To Help You  
Sell More  
Homes

“The most common and fastest-growing cleaning technique is touch-up cleaning, defined as a task that takes 15 minutes or less.”

**SC Johnson & Son Inc.\***

Today's homeowners want to clean their homes quickly. With a Convenience Cleaning™ Central Vacuum that is now possible. Central vacuum hoses are conveniently stored in walls, cabinets and garage ceilings. Close at hand for quick clean ups or whole-house cleaning. Out of sight until needed, retracting when the job is done. Exactly what busy homeowners need for daily messes.

## Convenience Cleaning: A Builder's Secret Weapon

You can't buy time...until now! A home with a Convenience Cleaning package means your buyers will spend less time cleaning and have more time to enjoy life. The Convenience Cleaning Central Vacuum offers builders a great feature that will make your homes memorable and desirable.

“I work full time, so I never want to take time away from my kids to clean.”

**Melissa Sachs Fitzpatrick, Denver, CO\***

*Family room carpet dirty? Pull a hose from the wall and it's clean in seconds.*

*Pet food on the kitchen floor? Pull a hose from a cabinet and it's gone.*

*Kids track mud in the family van? Pull a hose from the garage ceiling and vacuum it up.*

*Messy floor? Grab a broom and sweep to the VacPan®, the original quick-clean accessory.*

1

VROOM

Homeowners can quickly clean dry messes off counters, floors, drawers and appliances in kitchens and bathrooms.

2/3

Hide-A-Hose®

Hoses can be pulled from walls for effortless whole-house cleaning.

4

spot  
BY VROOM

Spot is built in to quickly clean everyday messes in laundry rooms, mud rooms and foyers.

5

VROOM  
for Garage

Cleaning garages, cars, and workbenches has never been easier or more convenient.

## The Components of a Convenience Cleaning System

You will find it easy to sell the Convenience Cleaning System. Vacuum hoses that are stored out of sight and pulled out of walls and cabinets as needed are the components of a Convenience Cleaning Central Vacuum package.

### Vroom®

This breakthrough quick-clean accessory is stored inside cabinets, pantries, shop benches and more. The hose extends up to 24' and automatically retracts when vacuuming is complete.

### Hide-A-Hose®

Pull up to 50' of hose, connect a cleaning tool and go. Once finished, the power of the central vacuum will retract the hose back into the central vacuum tubing and out of sight.

### Spot by Vroom®

Homeowners can access the 15' retractable hose from the valve and with the flip of a switch the mess is gone.

### Vroom® for Garage

With 24' of retractable hose, Vroom mounts overhead for service bay style cleaning in the garage.

# Builder Program Benefits

Your authorized dealer is dedicated to customer satisfaction, on-time installation, service and quality. When you work with an authorized dealer you will receive:

## Professional Installation

Authorized dealers provide quality, professional installation in new construction or existing homes. Installers work around your schedule to ensure your projects stay on track. In most cases installation can be complete in one day.

## Model Home Program

Seeing is believing. Model homes with installed Convenience Cleaning packages will help you demonstrate and sell the central vacuum. Ask your central vac dealer about the Model Home Discount.\*

## Promotional Support

Both standard and customized promotional materials are available. Brochures, signage and displays will help you promote the Convenience Cleaning packages.\*

\* Some qualifications may apply

# The Benefits of a Central Vacuum

VACUFLO® Central Vacuums are the heart of a Convenience Cleaning™ system. The systems are manufactured by a family owned, US based company and backed by a **Lifetime Limited Warranty**. Your customers can now enjoy:

## A Cleaner Home

With up to five times the cleaning power of any portable, central vacs clean microscopic particles from any surface. Your customer's home will smell fresher and be cleaner.

## A Healthier Home

VACUFLO removes 100% of vacuumed dust and dirt from the home forever. Less dust in the home and fewer allergens in the air creates a healthier living environment. Central vacs are a must for allergy sufferers.

## A Quieter Home

With a VACUFLO, the vacuum motor is located outside living areas, providing a quieter vacuum experience. Seldom can homeowners enjoy so much power and quiet at the same time.

## A More Convenient Home

Now vacuum power is right where homeowners need it, when they need it. Convenience Cleaning accessories fit in with today's active lifestyles and create convenient, easy-to-clean homes.
